Experience

Software Development Intern

Aug 2025 – Present

American Thrombosis and Hemostasis Network, Inc. (ATHN)

- Participated in Agile ceremonies (Daily Standups, Grooming, Sprint Planning) and collaborated closely with system engineers, QA engineers, and senior engineers.
- Worked using industry standard productivity tools like Zephyr, Jira, Bitbucket, 1Password, and Office 365 while complying with healthcare regulations.
- Developed, tested, and debugged features in ATHN's cloud-based infrastructure, integrating secure data handling and API interactions.
- Contributed to front-end and back-end development using React.js, Ruby on Rails, and PostgreSQL, with additional exposure to HTML5, CSS3, and JSON structures.

Service Delivery Intern

Oct 2024 – Apr 2025

Cloudrise

- Shadowed senior cybersecurity professionals and contributed to consulting operations in Data Loss Prevention and Cloud Security across platforms like AWS.
- Conducted research and exploratory tasks involving enterprise tools like Netskope (data in motion) and BigID (data at rest), supporting client engagements and troubleshooting deployments.
- Participated in internal workshops, technical presentations, and client calls to build industry knowledge and communication skills in a security services context.
- Gained exposure to high-impact concepts in cybersecurity, cloud architecture, business analysis, and data analytics while supporting client delivery and knowledge management initiatives.

University Tutor

Mar 2022 – May 2025

Center for Academic Support (CAS) at Colorado Mesa University

- Delivered over 250 hours of one-on-one and group tutoring, covering Intermediate/Advanced Mathematics, Computer Science, Statistics, and English.
- Customized instruction based on learning styles to enhance comprehension of complex topics, using adaptive teaching strategies for walk-in and scheduled sessions.
- Built strong communication, patience, and student engagement skills while simplifying advanced academic material into digestible formats.
- Developed fast-paced lesson plans in response to prompt situational academic needs, strengthening quick-thinking and subject mastery.

Education

B.S. in Computer Science Aug 2021 – May 2025

Colorado Mesa University

- Minor in Mathematics
- Cybersecurity Certificate
- 4.0 Cumulative GPA

Other Experience

• **Guest Attendant (Seasonal)** 2023 – 2025

Alamo Drafthouse Cinema

• **Technology Department Associate** 2020 – 2021

Walmart

• **Line Cook** 2017 – 2020

Wishbone Family Restaurant
